Garland, Ind., 6th June, 1859.

J. C. Aran & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst turned inward and distressed me at the stomach. Two years and it broke out on the property of years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and louthsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejuiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputa-tion that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a temporaful over a month, and used almost three bottles. New and healthy skin soon began to form under the scale, which after a while fell off. My skin is now clear, and I knew by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, ad remain ever gratefully. Yours.
